# The Hearse

*The definitive ceremonial vehicle*

Bentley's famous flying B\*

The Hearse has all the looks and style belonging to the marque, restyled for the funeral market. It's large, capacious with great visible access to the coffin area, yet quiet, graceful and 'dare-we-say regal' when on ceremony. From the synonymous winged "B" on the front to the large tailgate at the rear, this hearse commands attention and delivers capacity with outstanding luxury. From the attention to detail, intuitive storage areas, soft leathers, veneers and up-to-the minute technology this vehicle will stay memorable for many years for those who entrust it to their loved ones, and those who drive it with pride and passion.

# The Limousine

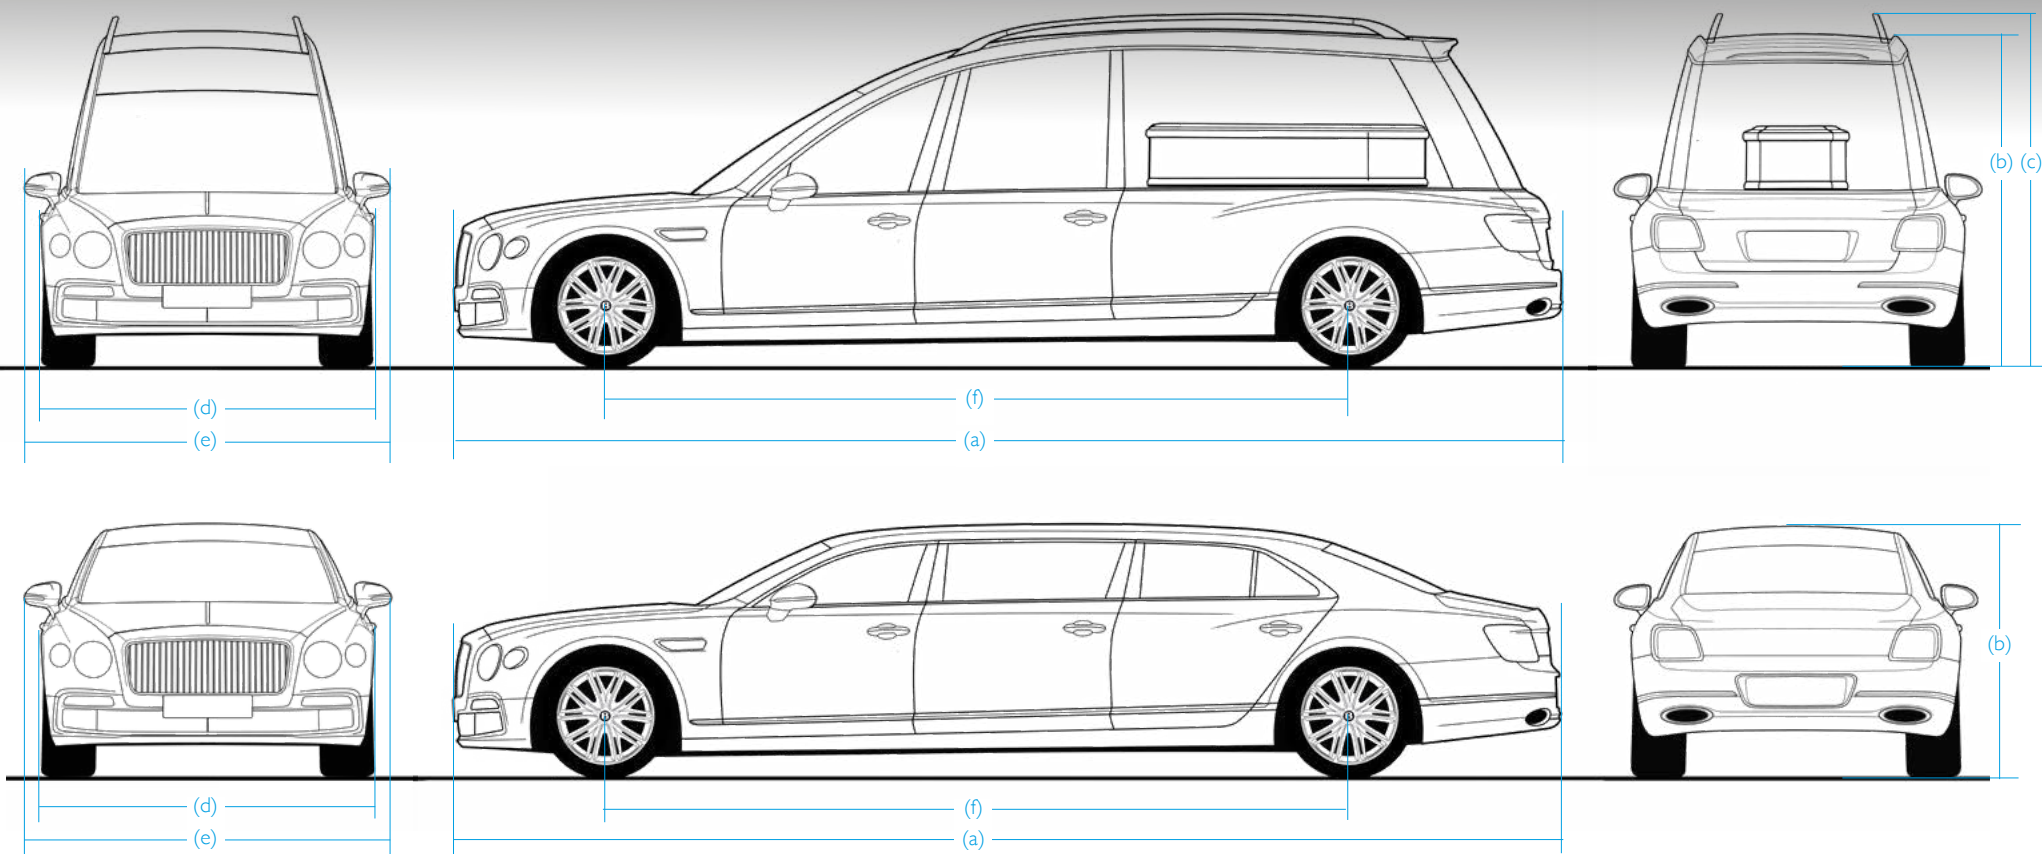

*A striking presence for any occasion*

The Limousine looks and handles as the best limousine in the world should. With a pedigree of racing history, finesse and luxury, Wilcox have carefully taken the vehicle to the next level through design, engineering and specialist know-how. Their understanding of funeral limousines and the importance of this vehicle's design DNA, has given shape to one of elegance and style afforded by the elite.

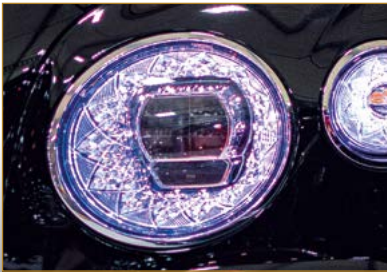

It's bigger, stronger and faster than its competitors, let alone the prestigious badge it wears with pride. Once seen, and for the rare few, ridden; it leaves an indelible impression that there is only one limousine for them.
